Welcome to the Lake Champlain Islands
Bienvenue aux Îles du lac Champlain!

Island Arts is celebrating 35 years of artistic, cultural, and educational life in Grand Isle County. This year our activities and events are celebratory. We have carefully chosen them for residents who have supported us since 1984, as well as an ever-increasing number of guests who are enchanted by the beauty and charm of the Champlain Islands. Whether from near or far, we invite you to join us for our 2019 season with many carefully planned activities designed to appeal to all ages. Please look through our very special 35th year brochure that lists academy courses and camps designed for youth and adults, all offered at reasonable fees, along with summer entertainment ranging from classical to country and from jazz to concert band.

As President of Island Arts and on behalf of our Board of Directors, our many volunteers and friends, and our Island Arts Center community, we want to thank the businesses, sponsors, and contributors who support us throughout the years.

Island Arts is excited to invite you to participate in the creation of our very own Island Labyrinth at our Island Arts Center, at Homer Knight Barn, 1127 US Route 2 in North Hero.

Labyrinths are a community art form that has existed for over 5000 years. The walking patterns can be found on pottery, tablets and tiles in many cultures around the world. Modern day Labyrinths take the form that offers creative expression for the community that is inspired to design and build it.

Katya Wilcox, Island Arts President beautifully expressed, “Our goal for this project is to provide a creative opportunity to collaboratively build a Labyrinth that gives expression to the arts. Our project celebrates the gifts of all those who help to build and support community in the Champlain Islands and beyond.”

According to Dr. Lauren Artress, an internationally respected expert on Labyrinths, they offer a “cross-cultural blueprint for well-being.” The practice of labyrinth walking can “enhance creativity, relaxation, support healing” and provide an opportunity for quiet reflection.

The Island Arts Community Celebration Labyrinth is designed to serve as a centering place to honor the lives of community members, celebrate special events and gather to walk in reflection on the arts and the wholeness of being.

A Fun Introduction to the Labyrinth: Finding Your Way Creatively will be offered this summer in June and July at the Island Arts Center. Check out our website for more information about the course and the Island Arts Community Labyrinth project! See page 11 for classes, details for June and July.

We’re just beginning, so if you’d like to help in our new creation, contact us at Island Arts. www.islandarts.org, info@islandarts, (802) 372-8889.
BIRTH OF THE OJIME, VERMONT’S LARGEST AND NEWEST ODAIKO

This Made-in-Vermont Ojime Taiko is 56” diameter, and 50” deep. It was designed by Stuart Paton, Artistic Director of Burlington Taiko Drummers and built in under a month by a Trumpeter-and-Cabinet-maker in Charlotte, a timber framer in Greensboro Bend, an American originally from Senegal, and the leader of Burlington Taiko who grew up in Tokyo. The nylon webbing that tunes the drum is in the varied colors of flames, to honor the drum’s first performances at Burning Man in 2016.

This, our newest, largest, and loudest drum will have it’s First Islands performance ever this summer, July 14. It’s presence and deep resonance will reach the audience, and echo as an exclamation point in the Island Community for years. Congratulations Island Arts for 35 years of celebration.

CLASSES
Saturday, July 13, 2:00-2:45 PM, Kids and Parents Taiko Workshop with 35 drums (Kids age 6 to 10.)

Saturday, July 13, 3:00-3:45 PM, Adults + Age 10 and up Taiko Workshop.

Neon green, midnight blue, charcoal gray, flame orange, deepest red, canary yellow, snow white, lime, baby blue - Vermont’s warblers fill every spring and early summer with extraordinary color and excitement, but they're small and they never stop moving so they're not always seen. The class, taught by birding expert Maeve Kim, will help participants know where to look and what to look for as we learn to identify warblers. Every year scores of beautiful birds, including many warblers, find Burton Island after spending the winter in warmer climates. By May the island is overflowing with nesting warblers, catbirds, robins, waxwings, and many other birds. Maeve Kim will lead us as we walk on a few of the several lovely, flat walking paths to see birds.

Island Arts Proudly Recognizes 2018 & 2019 Priscilla Rose Scholarship Award Recipients

Bob Foley and Shelley Ismael, dance teacher, presenting the award to Lucia Bird Matarazzo. 2018 Talent Scholarship for dance.

"Island Arts never hesitated in supporting me through my musical development. They gave me scholarships year after year for piano lessons. I was given the opportunity to develop my skills, to perform, to be a part of an amazing community of artists, and experience what true support felt like. Being supported by IA also gave me a sense of responsibility over myself and my skill development, which is one of the most important things a kid can learn. Thank you so much to IA and to my parents for helping me grow into the artist I am today."

Global Cultural Awareness Program

Vermont Cultural Exchange

The Bhutan-Grand Isle connection started with a penpal conversation over 15 years ago when Khenpo Phuntsok Tashi, Director of the National Museum in Bhutan spoke in the schools and started a meditation group still active in the community. This connection has flourished and evolved into a cultural and artistic exchange between the five Grand Isle County elementary schools and three Bhutanese schools. The goal of this ongoing program is to encourage Grand Isle County children and their families to learn about Bhutan and to establish personal connections with people who live in another country very different from our own, an increasingly important awareness in today’s world.

In 2010, Island Arts and the Grand Isle Supervisory Union Schools began an exciting new art and cultural exchange program. Katya Wilcox, president of Island Arts, initiated this program by delivering artwork created by students in the Grand Isle County Schools to the teachers and students in several Bhutanese schools. In exchange, she brought artwork from the Bhutanese children when she returned home. The theme of the student art was “Gross National Happiness,” to highlight what makes each child happy in his or her own life.

Since 2010 we have been studying a web-based technology to facilitate live internet conversations and a photo gallery where children and teachers from both countries can share information about life, social customs, and traditions in their own unique regions of the world.

A trip to Bhutan was organized in April 2014 to videotape the artwork of the Bhutanese children, their teachers, culture and country. Through this program, the Gross National Happiness movement that began in Bhutan over 25 years ago is now spreading throughout Vermont. Our visionary collaboration is proof of the worthiness of this idea and has enriched the lives of hundreds of school children, their teachers, and their families both here in the Islands and half-way around the world in Bhutan. Contact Katya at (802) 372-8889 to join in the exchange.

Around the World in 15 Minutes

Lyn Jarvis ever growing series of 15 minute videos are aired on WCAX-TV where for many years Lyn was the producer of Across the Fence. From safaris in East Africa to tours of Europe, journeys to South America and visits to our own National Parks, the videos highlight the best of what each location has to offer. These programs are available for classroom use to supplement geography and social studies curricula.
