

## About SKYLARK

Influenced by the Nordic, Celtic, and American regions, this northern Vermont contemporary string ensemble challenges the boundaries between classical, folk, and modern music, creating inspired original works for all audiences.

Skylark's programs feature arrangements and compositions by sonic trailblazers such as Väsen, the Danish and Turtle Island String Quartets, Dreamers' Circus, Pete Sutherland, and many more. Skylark's music is melody-driven with unique energy, irresistible flair, and undeniable beauty.

Known for vibrant quartet concerts, Skylark is also an avid collaborator. Within the last year, Skylark's concert projects have included performances with Guster, Henry Jamison, Mary Bonhag and a new album recording with jazz trumpeter, Connor Young.

The four musicians have decades of experience in the professional music community.
